

North Nibley Parish Survey

Questionnaire for young people aged 7-18

This questionnaire is for the young people in your household. If there is more than one young person, the questionnaire should represent a collective response. **For example in Q2, if any young person in the household uses the playground, the answer to this question should be "Yes".**

If more space is needed for comments, the back page of the questionnaire may be used.

Q1 How old are the young people in your household? *(please tick the ages of all young people involved in completing this survey)*
